3 December 2023

Col Cooper, members of the Aeronautics Permanent Professor selection committee,

Thank you for the opportunity to apply to be USAFA's Permanent Professor of Aeronautics. I believe I have the skills, experience, and passion necessary to lead the Department of Aeronautics to continued excellence in pursuit of the Air Force Academy's mission to educate, train, and inspire Air Force and Space Force officers.

My passion is cultivating apperception—the spark when a student moves from knowledge to understanding. As an educator, I promote intellectual development through hands-on learning and developing complex systems. As a leader, I promote development of junior officers through delegation of real responsibility and intentional mentoring through complex situations. Creating an environment where cadets and officers develop as engineers and leaders is the primary job of the Permanent Professor of Aeronautics. I will thrive in that role.

I have extensive experience with undergraduate education—mostly Astronautics at the Air Force Academy, but also Engr Mech 320 and Sophomore-level ROTC at NC State. During eight semesters in the Department of Astronautics, I have been course director for core Astro and two majors' classes. I also run the Astro Department's assessment program, ensuring we stay on track for successful accreditation at our next ABET visit.

My current primary course responsibility is Astro Engr 331: Space Systems Engineering. I have rewritten the curriculum over three semesters to cover topics relevant to modern space systems. I also developed completely new hands-on projects for the lab-based course, including development of an Arduino-based spacecraft analog. In addition to subsystem performance, the course now includes a heavy emphasis on experimentation, including instrumentation, analysis, and reporting. The experimental nature of this class has proven effective at instilling understanding, and several cadets have expressed pride after successfully completing a final complex project on their own.

My research specialty is integration of complex systems, including the testing necessary to prove their effectiveness and safety. In addition to thorough system-level understanding, this work requires careful administration, documentation, and collaboration—characteristics I strive to instill in cadet research. During my PhD research, I developed a spacecraft boom deployment mechanism. My flight test background was crucial for winning a NASA flight opportunity grant and leading a 14-member team to safe and successful execution of a Zero-G flight test campaign demonstrating boom deployment.

At the Air Force Academy, I have led multiple cadet research projects. One current research focus is in-house development of spacecraft reaction wheels. For two years, I have led cadets in manufacturing, integrating, and testing wheels to eliminate unwanted vibration and ensure launch survivability. For complete scholarship, I also guide cadets through publication of conference papers describing their work. It is a joy to see knowledge turn to understanding through this work.

My most rewarding assignment to date has been a Defense Intelligence Agency tour in Charlottesville VA. While there, I gained an appreciation for joint warfare and developed strong leadership skills. I briefly led an Air Analysis team, monitoring emerging threats to US air systems. Later as a branch chief, I led a team of 29 analysts from all domains, including a mix of junior employees and recognized experts—a composition similar to the Department of Aeronautics. Most importantly, I developed branch personnel into future leaders. My success was watching newly empowered officers lead teams and develop a thriving office culture.

The Department of Aeronautics has a long history of excellent hands-on education in core and majors' classes alike. I have fond memories of Dr. Brandt's Aero class which was vital to my effectiveness as an Air Force officer and engineer. A key experience was the terrazzo tour to demonstrate how constraints affect airframe design. I also enjoyed the balsa glider project, and am now pleased to see hundreds of gliders in the halls near the end of each semester.

The Permanent Professor of Aeronautics provides organizational stability and promotes Aeronautics within the Academy and beyond. Important Departmental relationships beyond DF include the Athletic Department to support student athletes who embrace a challenging major, the Airfield to execute the flagship Aero 456: Flight Test Techniques, as well as the organizations who employ the bulk of Aeronautical Engineering Majors: Air Education and Training Command, Air Force Materiel Command, and Test Pilot School. My Academy assignments and Air Force test background gives me a solid foundation for building and maintaining relationships in all of these areas.

In addition to the enduring challenge of training cadets and developing young officers, the Department of Aeronautics must continually adapt to changes in aeronautics and education. Current trends include advances in hypersonics, ubiquitous stealth, and autonomous systems, all driven by advances in computing power. Computing advances also create new possibilities in engineering education. The Department must judiciously adapt its curriculum to maintain relevance within the constraints of a demanding four-year cadet education. These challenges completely align with my strengths and interests, and I would be delighted to guide the Department's evolution as Permanent Professor and Head of the Department of Aeronautics.

My career has moved fluidly between air and space. The disciplines complement each other; practice in one makes me better at the other. I love each domain and have extensive experience in both, including flight test experience in an Air Force flight test unit and as part of my PhD research.

As a Space Force officer, I bring an inherently joint perspective to Aeronautics. I also bring significant personal experience with many aspects of Aeronautical Engineering, including flight test, hands-on research, and systems engineering. I have guided curriculum delivery and development as an instructor and course director, and as Director of Assessment. I have a passion to develop leaders at every level, and I want to build and maintain a vibrant culture of excellence within the Department of Aeronautics.

The Department of Aeronautics will continue developing Air Force and Space Force officers for decades to come. If selected as the Permanent Professor of Aeronautics it will be an absolute joy to lead the department as they do.

Respectfully,

Jordan Firth, Lt Col, USSF  
Assistant Professor  
USAF Department of Astronautics

# Jordan Firth

Lieutenant Colonel, USSF

jordan.firth@afacademy.af.edu

704-219-8918

## EDUCATION

### North Carolina State University

Raleigh, NC

PhD, Aerospace Engineering

2016 Jul–2019 Aug

GPA: 3.89

Dissertation: Deployment Mechanisms for Rollable Spacecraft Booms

Performed Zero-G parabolic test flights of two novel deployment mechanisms for rollable spacecraft booms with funding from a NASA flight opportunity grant. Led a 14-member team to design, develop, and manufacture instrumentation, support equipment, and booms and deployment mechanisms, including satisfaction of FAA airworthiness standards.

### US Air Force Institute of Technology

Wright-Patterson AFB, OH

MS, Astronautical Engineering

2009 Aug–2011 Apr

GPA: 3.68

Thesis: Vibration Interaction in a Multiple Flywheel System

Focus areas: astrodynamics and spacecraft system design. I was the team lead for a two-semester student project building and testing a cubesat-sized academic spacecraft. For my thesis I investigated the effects of flywheel vibration in spacecraft structures.

### US Air Force Academy

USAF Academy, CO

BS, Engineering Mechanics

2002 Jun–2006 May

GPA: 3.36

Focus areas: composites and aircraft structures. For my senior design project I designed a wing-folding solution for smaller packaging of an operational AFSOC micro air vehicle.

## UNDERGRADUATE EDUCATOR EXPERIENCE

### Department of Astronautics

USAF Academy, CO

Instructor, Course Director, Astro 331: Space Systems Engineering 2022 Aug–Present

Directed intermediate lab-based space systems engineering course. Students gain fluency in all major spacecraft subsystems and system-level design issues. Transitioned lab curriculum to a sustainable experience based on commodity hardware. Cadets build a breadboard-based spacecraft analog and perform lab experiments to reinforce their learning. Required for all 3<sup>rd</sup>-year Astronautical Engineering Majors.

### Department of Astronautics

USAF Academy, CO

Instructor, Course Director, Astro 321: Intermed. Astrodynamics 3 sem, 2015–2023

Instructed intermediate course in orbit mechanics. Students gain familiarity with orbital mechanics including orbit determination, maneuvers, perturbations, and rendezvous and proximity operations, as well as programming skills to perform these operations at scale. Required for all 3<sup>rd</sup>-year Astronautical Engineering Majors.

### Department of Astronautics

USAF Academy, CO

Instructor, Course Director, Astro 310: Intro to Astro 6 sem, 2014–Present

Directed introductory astrodynamics, including orbital mechanics, spacecraft systems, and rocket propulsion. Required for all Air Force Academy cadets.

### AFROTC Detachment 595

NC State University, Raleigh, NC

Course Director, AS 222: Team and Leadership Fundamentals II 2018 Jan–2018 Apr

Taught spring semester sophomore-level ROTC leadership class to 27 students/cadets at the request of the Det commander while completing a PhD at NCSU. Topics include AF history and personal and team leadership skills. Course prepares students/cadets to put leadership concepts into practice at field training. Required for all AF ROTC cadets.

### Department of Engineering Mechanics

USAF Academy, CO

Instructor, EM 320: Dynamics 2016 Jan–2016 May

Instructed introductory dynamics, covering kinematic and kinetic analysis of particles and rigid bodies, as well as an introduction to mechanical vibrations of simple systems. Topics include kinematics using Cartesian, path, and polar coordinates; kinetics using force-mass-acceleration, work-energy, and impulse-momentum methods. Required for all Aeronautical, Astronautical, and Mechanical Engineering Majors.

## PROFESSIONAL EXPERIENCE

### Department of Astronautics

USAF Academy, CO

Assistant Professor

2022 Aug–Present

Instructor for 3 courses. Course director for Astro 331: Space Systems Engineering; assumed responsibility for ongoing multi-year overhaul. Rewrote Arduino-based lab curriculum with a renewed emphasis on student ownership of lab exercises.

Developed a 40-hour spacecraft systems short course based on Astro 331. Coordinated a Cooperative Research and Development Agreement (CRADA) with Singapore's Space Faculty, Ltd., including approval from SAF/IA and SAF/GC. Delivered course to 9 STEM students, with plans for future follow-on collaboration.

Mentor to multiple FalconSAT capstone student research groups, including flywheel energy storage, coaxial cable bending, and reaction wheel manufacturing. Led reaction wheel team through balancing and vibration test campaign. Identified and corrected design flaws in multiple tests.

Director of Assessments

2022 Aug–Present

Responsible for maintaining department assessment program supporting continuous improvement and periodic ABET accreditation. Supported 2022 Engineering Program Advisory Council. Performed mid-cycle ABET self-assessment; identified and filled minor gaps in department assessment program.

### DIA Defense Technology and Long-Range Analysis Office

Charlottesville, VA

Chief, Acquisition Intelligence Branch

2020 Dec–2022 Jul

Branch chief for 29 acquisition intelligence analysts at seven sites, including contractors, DIA civilians, reservists, and joint active duty officers from 4 services. My branch assessed near-term threats posed to US and allied systems by emerging adversary technology. We also maintained the authoritative defense intelligence threat library, which connected program staff for \$1.23T worth of defense programs to intelligence authors, ensuring that US capabilities would not become obsolete before fielding.

As the military advisor for a 150-person office, I also guided development of eleven assigned officers, matching individual skills to organizational needs to ensure effective use of each military officer during their three-year DIA assignment.

Air and Space Analysis Team Lead

2019 Aug–2020 Nov

Coordinated with program offices and requirement owners threat assessments affecting acquisition programs. Co-wrote 20-year analytic outlook of space-based threats to US and allied systems.

## **Department of Astronautics**

**USAF Academy, CO**

Instructor, Engineering Division Executive Officer

2014 Jul–2016 Jul

I taught engineering classes in two academic departments (Astronautics and Engineering Mechanics) over five semesters, including an astronautics class required for all students. I developed curriculum for three classes as course director. I also trained incoming faculty during summer academics.

## **Infrared Space Systems Directorate**

**Los Angeles AFB, CA**

SBIRS System Test Engineer

2012 Mar –2014 May

I oversaw system test for the SBIRS missile warning system, including pre- and post-launch checkouts for three spacecraft. This testing led to successful completion of a major in-place upgrade to the SBIRS ground system with no downtime.

I also compiled and edited the biennial update to the Congressionally-mandated system Test and Evaluation Master Plan and coordinated it with external agencies for approval by the Office of the Secretary of Defense.

DSP Orbital Operations Officer

2011 Apr–2012 Mar

I oversaw execution of the ongoing factory support contract which provided vital manufacturer expertise for operators of the DSP missile warning satellite constellation. This support was necessary to provide continuous global missile warning. Contractor activities included training all incoming personnel, anomaly resolution, and spacecraft health monitoring.

During this assignment we negotiated a new support contract, ensuring continued coverage while planning for a graceful transition as DSP was replaced with the next generation of missile warning spacecraft. I also provided senior directorate leaders with regular updates on the health of the constellation.

## **846 Test Squadron**

**Holloman AFB, NM**

Rocket Sled Test Engineer

2008 Sep–2009 Aug

Performed Engineering analysis of rocket sled test profiles at Holloman High Speed Test Track, the nation's premier rocket sled track. Responsible for technical test details including sled structural margins, acceleration profiles, and rocket staging. This work required coordination with program managers, in-house fabrication shops, track operators, and support personnel.

During this assignment I revived a dormant squadron capability to launch captive Stinger missiles down the track, providing accurate threat profiles for in-flight testing of infrared detectors for inbound missiles. We used this capability to provide the final operational checkout of a new CH-47 countermeasure system before its fleet-wide deployment.

## **586 Flight Test Squadron**

**Holloman AFB, NM**

Flight Test Engineer

2006 Aug–2008 Sep

Performed advanced avionics flight test and test support using highly-modified T-38B and C-12J aircraft. These aircraft were used to both carry test equipment and serve as targets for urgent DOD priority missions.

I planned photo/safety chase for the final pre-deployment test of JASSM-ER, which verified the weapon's safe separation from the launching aircraft and a successful 500+ mile flight. In addition, I coordinated the final pre-delivery test of Iraq's first air-to-ground missile capability—Hellfire missiles launched from a Cessna Caravan.

## **RESEARCH EXPERIENCE**

### **FalconSAT reaction wheel**

**2022 Aug–Present**

Led cadet teams testing a cadet-built spacecraft reaction wheel. Balanced wheel on a custom-designed balancing fixture, and upgraded fixture to increase measurement accuracy. Performed qualification-level vibration test to determine launch survivability. Redesigned reaction wheel housing to eliminate design flaws revealed during vibration testing.

### **FlatSAT educational spacecraft**

**2022 Aug–Present**

Developed a low-cost educational spacecraft analog for teaching systems engineering. This Arduino-based platform currently includes XBee radio communication, magnetometers and reaction wheel attitude control, solar panels and electrical characterization, and a visible light camera. Cadet collaborators have added sun sensors for attitude determination and on-board data storage. FlatSAT was developed for a semester-long undergraduate space systems engineering course, but has also been used for a week-long course tailored for STEM-interested undergraduates and educators.

### **Zero-G parabolic flight test**

**2017 Aug–2019 Aug**

Developed 2 deployment mechanisms for Rollable spacecraft booms. Led a 14-member team to successful completion of two Zero-G parabolic test flights. Coordinated all aspects of flight testing, including structural, electrical, and chemical safety; instrumentation and analysis; researcher training; and fabrication and assembly of commercial, machined, and composite components.

### **3-DOF Air Bearing Attitude Platform**

**2023 Jun–Present**

Hardware implementation advisor for four cadets performing independent research on an air bearing platform for spacecraft attitude research. Ensured personnel safety and effective resource allocation.

## COMMUNITY

### USAFA/COS Baptist Student Union Alumni Association

Volunteer 3 years, 2014–Present

Led and participated in weekly Bible study for 10–30 cadets, and occasionally spoke to a larger group of 60+ cadets.

Vice President 2014 Aug–2016 Jun

Oversaw \$120,000 annual ministry budget as we completed filing as a tax-exempt organization. Provided board oversight for 3 staff ministry leaders. Built relations between alumni association and current students as the ministry grew to four local college campuses.

### Grace Bible Camp

Goshen, VA

Volunteer 2020–2021

Led a major renovation project involving 24 volunteers over two weeks to repair multiple facilities. Added egress routes, fixed HVAC systems, and completed structural repairs. Worked with camp staff and board members to improve facilities used by 350 campers/year.

### Fairview Baptist Church

Apex, NC

Nominating Committee Member 2018–2019

Selected church member for open positions. Helped senior pastor develop a plan for church growth, including a communication plan to ensure community buy-in.

Adult Sunday School Leader 2017–2019

Served as Sunday School teacher for a group of 20 adult members and their children. Taught weekly lessons and built relationships between group members.

### YMCA Youth Soccer

Apex, NC

Coach 5 seasons, 2016–2019

I was a soccer coach for six teams over five seasons. Players ranged in age from 4–9 and included many first-time players. I led them in weekly practices and games, ensuring they had fun and learned how to work together on a team.

## AIR FORCE INSTITUTE OF TECHNOLOGY

DEPARTMENT OF THE AIR FORCE  
AIR EDUCATION AND TRAINING COMMAND  
AIR UNIVERSITY

Record of: Firth, Jordan A  
Student ID: 0092559  
SSN: XXX-XX-3834 DOB: 14 Sep

Basis of Admission  
BS-May 2006 UNITED STATES AIR FORCE ACADEM

| COURSE | Course Title | Grade/Credit Hours | COURSE | Course Title | Grade/Credit Hours |
|--------|--------------|--------------------|--------|--------------|--------------------|
|--------|--------------|--------------------|--------|--------------|--------------------|

Master's Thesis successfully completed.  
12.00 quarter hours completed with a grade of A-.

Degree Received: MS in Astronautical Engr  
ABET ACCREDITED PROGRAM

Date Conferred.: 03/24/2011

Majors.....: Astronautical Engineering

Specialization.: Advanced Astrodynamics-09  
Space Vehicle Design

Thesis Title: Vibration Interaction In A Multiple  
Flywheel System

ISSUED TO STUDENT

# BIOGRAPHY

## UNITED STATES SPACE FORCE

### Lieutenant Colonel Jordan Firth

Lieutenant Colonel Jordan Firth is currently the Director of Assessments and an Assistant Professor in the Department of Astronautics at the United States Air Force Academy, CO.

Lt Col Firth attended the United States Air Force Academy and graduated in 2006 with a bachelor's degree in Engineering Mechanics. He has significant test and evaluation experience in both air and space and has achieved Level 3 DAWIA certification in Test & Evaluation.

Lt Col Firth's PhD research focused on development of an unpowered deployment mechanism for rollable spacecraft booms. He secured a NASA flight opportunity grant and led a team of 14 researchers through safe and successful execution of two Zero-G parabolic flight tests, demonstrating controlled boom deployment in a space-relevant environment.

In his previous assignment, Lt Col Firth served as the Multi-Domain Warfare Branch Chief in the Acquisition Intelligence Division of DIA's Defense Technology and Long-Range Analysis Office.

### EDUCATION

2006 Bachelor of Science, Engineering Mechanics, US Air Force Academy CO

2011 Master of Science, Astronautical Engineering, US Air Force Institute of Technology, Dayton OH

2019 Doctor of Philosophy, Aerospace Engineering, North Carolina State University, Raleigh NC

### ASSIGNMENTS

Aug 2006–Sep 2008, Flight Test Engineer, 586 Flight Test Squadron, Holloman AFB NM

Sep 2008–Aug 2009, Rocket Sled Test Engineer, 846 Test Squadron, Holloman AFB NM

Aug 2009–Apr 2011, Graduate Student, U.S. Air Force Institute of Technology, Wright-Patterson AFB, OH

Apr 2011–Mar 2012, Project Officer, DSP Ops, Infrared Space Systems Directorate, Los Angeles AFB CA

Mar 2012–May 2014, SBIRS System Test Engineer, Infrared Space Systems Directorate, Los Angeles AFB CA

May 2014–Jul 2016, Instructor, Department of Astronautics, USAF Academy CO

Aug 2016–Aug 2019, Graduate Student, North Carolina State University, Raleigh NC

Aug 2019–Nov 2020, Air Team Lead, DIA Defense Tech. & Long-Range Analysis, Charlottesville VA

Dec 2020–Jul 2022, Chief, Multi-Domain Warfare Branch, DIA Defense Tech. & Long-Range Analysis, Charlottesville VA

Aug 2022–Present, Assistant Professor and Assessments Director, Department of Astronautics, USAF Academy CO

## **PROFESIONAL MILITARY EDUCATION**

Air and Space Basic Course, 2006

Squadron Officer School, 2012

Air Command and Staff College, 2017

## **MAJOR AWARDS AND DECORATIONS**

John P. Wittry Award, top instructor of Engineering Design, USAFA Department of Astronautics (2023)

Defense Meritorious Service Medal

Meritorious Service Medal

Air Force Commendation Medal

Air Force Achievement Medal

## **EFFECTIVE DATES OF PROMOTION**

Second Lieutenant 31 May 2006

First Lieutenant 31 May 2008

Captain 31 May 2010

Major 1 May 2016

Lieutenant Colonel 1 Sep 2021

# Jordan Firth

Lieutenant Colonel, USSF  
jordan.firth@afacademy.af.edu  
704-219-8918

## *Flight Test Engineer, 586 Flight Test Squadron*

- Coordinated advanced avionics flight test and test support on highly-modified T-38B and C-12J aircraft, including operational test of JASSM-ER and final checkout of Iraq's first air-to-ground missile capability—Hellfires from a Cessna Caravan
- Developed squadron capability to deploy flares from T-38s

## *Rocket Sled Test Engineer, 846 Test Squadron*

- Designed rocket sleds and sled profiles to test a variety of military programs, including munitions, aircrew safety, countermeasures
- Restored squadron capability to launch rail-captive Stinger missiles—used for operational test of CH-47 countermeasure system before fleet-wide deployment

## *Project Officer, Defense Support Program Operations*

- Oversaw manufacturer contract support to DSP Operators, including anomaly resolution and routing training
- Updated Directorate leadership on state of DSP constellation

## *SBIRS System Test Engineer, Infrared Space Systems Directorate*

- Oversaw system test of 3 space vehicles and Block 10 ground system upgrade
- Lead Editor and Co-Author of SBIRS Enterprise Test & Evaluation Master Plan, led DOT&E-level adjudication and review

## *Instructor, USAFA Department of Astronautics*

- Course Director, Instructor for Astro 310: Introduction to Astronautics—led 5 instructors to deliver summer course
- Course Director, Instructor for Astro 321: Intermediate Astrodynamics
- Instructor for Engr Mech 320: Dynamics—collaborated with DFEM faculty to deliver foundational engineering course
- Led training for new department faculty—oversaw and critiqued first lectures, mentor throughout first year

## *Aerospace Engineering PhD student, NC State University*

- Awarded \$180K NASA flight opportunity grant to develop boom rollable deployment technology
- Led 14-member research team to successful execution of two Zero-G parabolic test flights
- Oversaw upgrade of department test equipment (load frame) and introduced lab safety program

## *Instructor, AFIT liaison, AFROTC Det 595*

- AFIT liaison for 8 active duty cadets pursuing AF-sponsored graduate degrees at NC State; built collaborative relationship between Detachment and AF-graduate team, including cadet mentorship and guest speaking in ROTC classes

- Led graduate team to cover classes for a semester when personnel moves and discipline issues reduced Detachment staff to one officer for 100+ cadets
- Course Director for AS 222: Team and Leadership Fundamentals II—prepared 27 students for field training

*Branch Chief, DIA Office of Defense Technology and Long-Range Analysis*

- Branch chief for 29 analysts at 7 sites providing acquisition intelligence support to DOD
- Rebuilt branch after COVID; tripled branch production for 2 consecutive years—went from practically no output to regular praise from SECDEF, Service Secretaries, and DASDs for ID'ing emerging threats
- Built and mentored strong team leads—led two of them to Directorate- and DIA-level FGO of the year
- Repaired office culture by building strong org-wide military-civilian cooperation and restoring trust in military leadership

*Assistant Professor, USAFA Department of Astronautics*

- FalconSAT research mentor for 3 semesters/13 students—led development of a cadet-built reaction wheel; reduced unwanted vibration, ID'd and fixed critical design flaws causing repeated failures of qualification-level vibe test
- Course Director for Astro 331: Space Systems Engineering; rewrote labs, lectures, homework; introduced extensive analysis/experimentation coursework
- Introduced collaboration/version control to 3 classes (and counting!)

*Assessment Director, USAFA Department of Astronautics*

- Performed mid-cycle accreditation review, restored assessments program after degradation due to evolving curricula

## IV. RATER OVERALL ASSESSMENT (Limit text to 6 lines)

- Outstanding ldr; coord'd external prgm rvw; 2x USSF Senior Ldrs quote "the world's premier Astro Engr curriculum"  
- Created dynamic, engaging lab curriculum; latest standards ensure sustainable crs--37 cadets rdy to lead in space  
- Led 5-cdt design team; dev'd in-house avionics design/stable attitude platform--cut unwanted vibe 80%, saved \$1.5M  
- Directed eval of 2x FalconSAT payloads; flexible carbon nanotubes--cut RF cable wt 50%; increased mission 200%  
- Stellar teacher of flagship astro courses; intro'd new vector vis methods--58 future officers prep'd f/multi-domain ops  
- #3/7 DAF O-5s! Wittry Award recipient for outstanding contributions to engr design; must for Materiel Ldr and SLE

Last performance feedback was accomplished on: 24 Apr 2023 (IAW AFI 36-2406) (If not accomplished, state the reason)

| not later than 3 duty days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individuals named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPS, Force Management section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPS or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2406, Chapter 10, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 2. |                                             |                            |
| NAME, RANK, BR OF SVC OF REFERRING EVALUATOR                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | DUTY TITLE                                  | DATE                       |

| <b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                             |                            |
| <b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendation for assignment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                             |                            |
| <b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                             |                            |

| not later than 3 duty days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individuals named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPS, Force Management section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPS or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2406, Chapter 10, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 2.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |                    |                                    |
| NAME, RANK, BR OF SVC OF REFERRING EVALUATOR                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |  | DUTY TITLE         |                                    |

| <b>INSTRUCTIONS</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |  |                    |                                    |
| <p><b>ALL:</b> Recommendations must be based on performance and the potential based on that performance. Promotion recommendations are prohibited. Do not comment on completion of or enrollment in Developmental Education, advanced education, previous or anticipated promotion recommendations on AF Form 709, OPR endorsement levels, family activities, marital status, race, sex, ethnic origin, age, religion or sexual orientation. Evaluators enter only the last four numbers of SSN.</p> <p><b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.</p> <p><b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendation for assignment.</p> <p><b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.</p> <p><b>RATEE:</b> Your signature is merely an acknowledgement of receipt of this report. It does not constitute concurrence. If you disagree with the content, you may file an evaluation appeal through the Evaluation Reports Appeals Board IAW AFI 36-2406 Chapter 10 (Correcting Officer and Enlisted Evaluation Reports), or through the Air Force Board for Correction of Military Records IAW AFI 36-2603 (Air Force Board for Correction of Military Records) and AFPAM 36-2607 (Applicants' Guide to the Air Force Board for Correction of Military Records (AFBCMR)).</p> |  |                    |                                    |

| not later than 3 duty days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individuals named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPS, Force Management section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPS or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2406, Chapter 10, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 2.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |            |                                    |
| NAME, GRADE, BR OF SVC OF REFERRING EVALUATOR                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | DUTY TITLE | DATE                               |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | SIGNATURE  |                                    |

| <b>INSTRUCTIONS</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |            |                                    |
| <b>ALL:</b> Recommendations must be based on performance and the potential based on that performance. Promotion recommendations are prohibited. Do not comment on completion of or enrollment in Developmental Education, advanced education, previous or anticipated promotion recommendations on AF Form 709, OPR endorsement levels, family activities, marital status, race, sex, ethnic origin, age, religion or sexual orientation. Evaluators enter only the last four numbers of SSN.<br><br><b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.<br><br><b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendation for assignment.<br><br><b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.<br><br><b>RATEE:</b> Your signature is merely an acknowledgement of receipt of this report. It does not constitute concurrence. ## II. JOB DESCRIPTION (Limit text to 4 lines)

|                               |                   |
|-------------------------------|-------------------|
| DUTY TITLE Operations Officer | 10. SRID<br>DI1DI |
|-------------------------------|-------------------|

- Coordinates DIA validation of threats for major defense acq programs IAW DODD 5000.01 regulatory requirements  
- Produces customized intel products to enable Congress, CJCS, CCMDs, USD(AT&L), USD(I), & DOT&E actions  
- Oversees ops of 40-mbr div; syncs policy/resources for 3 branches giving intel support to acq, req, test communities  
- Ensures development and availability of key acq intel resources: Defense Intel Threat Library & IMD Center Tools

## III. PERFORMANCE FACTORS

|                                                                                                                                                                                                                                       |                                                  |                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------|-----------------------------------------------------|
| Job Knowledge, Leadership Skills (to include Promoting a Healthy Organizational Climate), Professional Qualities, Organizational Skills, Judgment and Decisions, Communication Skills (see reverse if marked Does Not Meet Standards) | DOES NOT MEET STANDARDS <input type="checkbox"/> | MEETS STANDARDS <input checked="" type="checkbox"/> |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------|-----------------------------------------------------|

## IV. RATER OVERALL ASSESSMENT (Limit text to 6 lines)

- Validated 2/managed 24 threat modules for 161 MDAPs--ensured currency of authoritative threat assessment for acq
- Improved threat library--moved 26 modules to add'l network for easier access; used feedback to enhance production
- Developed exemplar critical intel params w/ Joint Req Office--foreign threat warning ensures US system supremacy
- Established single POC for defense threat library with 265 VOLTs/267 modules; simplified comms with 7 intel ctrs
- Approved threat in 5 JCIDS docs; ensured pgms use current valid intel--built good relationship w/ Joint Staff IRCO
- #2/8 O-4/civ equiv! Brilliant acquisition officer; excellent candidate for ML or Sq/CC--must select for SDE soonest

Last performance feedback was accomplished on: 18 Mar 2020 (IAW AFI 36-2406) (If not accomplished, state the reason)

|                                                                                                                                        |                                                          |             |                     |

| I am referring this OPR to you according to AFI 36-2406, para 1.10. It contains comment(s)/rating(s) that make(s) the report a referral as defined in AFI 36-2406, para, 1.10. Specifically,                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |                    |                                    |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |                    |                                    |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |                    |                                    |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |                    |                                    |
| Acknowledge receipt by signing and dating below. Your signature merely acknowledges that a referral report has been rendered; it does not imply acceptance of or agreement with the ratings or comments on the report. Once signed, you are entitled to a copy of this memo. You may submit rebuttal comments. Send your written comments to:                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |  |                    |                                    |
| not later than 3 duty days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individuals named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPS, Force Management section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPS or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2406, Chapter 10, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 2. |  |                    |                                    |

Evaluators enter only the last four numbers of SSN.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |  |                    |                                    |
| <b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |                    |                                    |
| <b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendation for assignment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |  |                    |                                    |
| <b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |                    |                                    |

# EDUCATION/TRAINING REPORT

## PRIVACY ACT STATEMENT

**AUTHORITY:** 10 U.S.C., Section 8013, Secretary of the Air Force; AFI 36-2406, Officer and Enlisted Eval Systems, and EOs 9397 and 13478 (SSN).

**PURPOSE:** To document effectiveness/duty performance history, promotion selection, reduction-in-force and other appropriate personnel actions.

**ROUTINE USES:** Disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C., Section 552a(b)(3) and may be disclosed to other federal agencies. The "Blanket Routine Uses" apply.

**DISCLOSURE:** VOLUNTARY. However, nondisclosure may result in missing and/or inaccurate documents in the individuals master personnel records which may result in negative career impacting consequences.

**SORN:** F036 AF PC A, Effectiveness/Performance Reporting Records

## III. COMMENTS (Mandatory)

### ACADEMIC/TRAINING ACCOMPLISHMENTS

- **DEGREE AWARDED:** Doctor of Philosophy in Aerospace Engineering
- **FOCUS AREA:** Deployable Spacecraft Structures
- **GPA:** 3.89 on a 4.0 scale; successfully completed all PhD requirements
- **DISSERTATION:** "Deployment Mechanisms for Rollable Spacecraft Booms"
  - Designed 2 separate mechanisms to consistently and reliably deploy booms--advanced field of space structures
  - Validated in-space performance via two manned flights--proved devices will enable lighter cheaper satellites
  - Research recognized by NASA as game changing development--awarded \$180K grant for development/flight test
  - Led 14-mbr team on multi-disciplinary test program culminating in safe, successful flights & data for 4 papers
  - "Advanced Dual-Pull Mechanism for Deployable Spacecraft Booms" published in Journal of Spacecraft & Rockets

### PROFESSIONAL QUALITIES (Bearing, appearance, conduct, fitness)

**Ratee is geographically separated from evaluator.**

- **AFIT Liaison Officer** for 6 NCSU officers--mentored to degree completion & strengthened relationships with ROTC
- **Outstanding communicator;** selected as guest lecturer for AFROTC on space exploration and 2 engineering classes
- **Collaborated with CE dept** to validate bridge repair--will be used by NC Trans Dept to repair 226 damaged bridges
- **Long-term mentor** to 6 undergrad engineering students--comm & problem-solving skills will prepare them for jobs
- **Ran dept-wide equip training**--created documentation, ID'd shortfall, oversaw \$15K upgrade restoring key test ability

### OTHER COMMENTS

- **Article titled "Minimal Unpowered Strain-Energy Deployment Mechanism for Rollable Spacecraft Booms: Ground Test"** accepted for publication in the Journal of Spacecraft and Rockets
- **Presented paper titled "Minimal Unpowered Strain-Energy Deployment Mechanism for Rollable Spacecraft Booms"** at the American Institute of Aeronautics and Astronautics SciTech Forum

### 4. DG AWARD CRITERIA/COURSE NONCOMPLETION REASON

### III. COMMENTS (Mandatory)

#### ACADEMIC/TRAINING ACCOMPLISHMENTS

- DEGREE PROGRAM: Doctor of Philosophy in Aerospace Engineering
- FOCUS AREA: Deployable Spacecraft Structures
- GPA: 3.87 on a 4.0 scale
- DISSERTATION: "Deployment Mechanisms for Rollable Spacecraft Booms"
  - Designed lightweight devices to deploy spacecraft components consistently and reliably; created analytical models necessary to understand components underlying behavior--allows future spacecraft to be lighter and more reliable
- Published conference proceedings: "Advanced Dual-Pull Mechanism for Deployable Spacecraft Booms"
  - Presented innovative research at 2018 American Institute of Aeronautics and Astronautics Structures Conference

#### PROFESSIONAL QUALITIES (Bearing, appearance, conduct, fitness)

Ratee is geographically separated from evaluator.

- Served as AFIT Liaison Officer for NCSU; supervised six officers--ensured accountability and all AF standards met
- Instructed 4-mos AFROTC course; taught AF org structure to 27 cadets--improved AFIT/ROTC working relationship
- Mentored 3 student researchers; helped them w/first hands-on engineering projects--1 student admitted to grad school

| <p>not later than 3 duty days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individuals named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPS, Force Management section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPS or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2406, Chapter 10, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 2.</p> |            |                                    |

| <b>ALL:</b> Recommendations must be based on performance and the potential based on that performance. Promotion recommendations are prohibited. Do not comment on completion of or enrollment in Developmental Education, advanced education, previous or anticipated promotion recommendations on AF Form 709, OPR endorsement levels, family activities, marital status, race, sex, ethnic origin, age, religion or sexual orientation. Evaluators enter only the last four numbers of SSN.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |            |                                    |
| <b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |            |                                    |
| <b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendation for assignment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |            |                                    |
| <b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |            |                                    |

## II. JOB DESCRIPTION (Limit text to 4 lines)

|                                       |                   |
|---------------------------------------|-------------------|
| DUTY TITLE INSTRUCTOR OF ASTRONAUTICS | 10. SRID<br>0B102 |
|---------------------------------------|-------------------|

- Instructs challenging foundational astronautical engineering course, leads discussions & inspires cdt critical thinking  
 - Professional and academic advisor to 4 astro engineering cadets--provides craved mentorship and career guidance  
 - Directs department outreach at semi-annual major's night, organizes and executes efforts to recruit new astro majors  
 - NCAA tutor for women's tennis team in astro, EM and writing; augments cadet edu advancement across disciplines

## III. PERFORMANCE FACTORS

|                                                                                                                                                                                                                                                                | DOES NOT<br>MEET STANDARDS | MEETS<br>STANDARDS                  | FITNESS<br>EXEMPTION     |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|-------------------------------------|--------------------------|
| Job Knowledge, Leadership Skills (to include Promoting a Healthy Organizational Climate). Professional Qualities, Organizational Skills, Judgment and Decisions, Communication Skills, and Physical Fitness<br>(see reverse if marked Does Not Meet Standards) | <input type="checkbox"/>   | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

## IV. RATER OVERALL ASSESSMENT (Limit text to 6 lines)

- Phenom instructor--effortlessly taught 139 core astro cdts--rave reviews: "awesome, amazing, super enthusiastic!"  
 - Intellectual powerhouse--research'd orbit disturbance theory for fun--my #1 choice to direct intermed astrodynamics  
 - Selfless tech wiz/mentor--vol'd to lead cdt sqdn through initial computer setup--provided 28 1st yr students crit tool  
 - Genius instr--revamped decades-old orbit viz tool, elim flaw--more accurate/easier to use; will help 1,000+ cdts/yr  
 - Avid recruiter--directed 16 faculty and cadets in 3 outreach events; 13 declared astro, on track to pass class of 2016  
 - Exceptionally sharp! Articulate instr, ldr and engr--AFIT PhD a must, in-residence IDE, then demanding NRO R&D

Last performance feedback was accomplished on: 6 Feb 2015 (IAW AFI 36-2406) (If not accomplished, state the reason)

|                                                                                                                                       |                                                               |                                             |

## V. ADDITIONAL RATER OVERALL ASSESSMENT (Limit text to 4 lines)

☒ CONCUR ☐ NON-CONCUR

- Brilliant instructor/engr--seeks out challenges & crushes them--easily my #1 choice to direct crit astrodynamics crse  
 - Fantastic mentor--led 12 cdts in SMC design course for SBIRS WFOV--future Space Pros well-prepped for sat acq  
 - Enthusiastic emissary--led STEM events for 100+ hs stdts/teachers in summer seminar--inspired next-gen astro ldrs  
 - Top 5% of CGOs in my 34 yrs; powerhouse offcr and ldr--AFIT PhD next, in-res IDE, then NRO R&D branch chief

|                                                                                                                                |                                                        |                                                 |

| not later than 3 duty days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individuals named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPS, Force Management section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPS or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2406, Chapter 10, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 2.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |            |                            |
| NAME, GRADE, BR OF SVC OF REFERRING EVALUATOR                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | DUTY TITLE | DATE                       |

| INSTRUCTIONS                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |            |                            |
| <p><b>ALL:</b> Recommendations must be based on performance and the potential based on that performance. Promotion recommendations are prohibited. Do not comment on completion of or enrollment in Developmental Education, advanced education, previous or anticipated promotion recommendations on AF Form 709, OPR endorsement levels, family activities, marital status, race, sex, ethnic origin, age, religion or sexual orientation. Evaluators enter only the last four numbers of SSN.</p> <p><b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.</p> <p><b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendation for assignment.</p> <p><b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.</p> <p><b>RATEE:</b> Your signature is merely an acknowledgement of receipt of this report. It does not constitute concurrence. If you disagree with the content, you may file an evaluation appeal through the Evaluation Reports Appeals Board IAW AFI 36-2406 Chapter 10 (Correcting Officer and Enlisted Evaluation Reports), or through the Air Force Board for Correction of Military Records IAW AFI 36-2603 (Air Force Board for Correction of Military Records) and AFPAM 36-2607 (Applicants' Guide to the Air Force Board for Correction of Military Records (AFBCMR)).</p> |            |                            |

| not later than 3 duty days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individuals named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPS, Force Management section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPS or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2406, Chapter 10, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 2.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |            |                            |
| NAME, GRADE, BR OF SVC OF REFERRING EVALUATOR                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | DUTY TITLE | DATE                       |

| INSTRUCTIONS                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |            |                            |
| <p><b>ALL:</b> Recommendations must be based on performance and the potential based on that performance. Promotion recommendations are prohibited. Do not comment on completion of or enrollment in Developmental Education, advanced education, previous or anticipated promotion recommendations on AF Form 709, OPR endorsement levels, family activities, marital status, race, sex, ethnic origin, age, religion or sexual orientation. Evaluators enter only the last four numbers of SSN.</p> <p><b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.</p> <p><b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendation for assignment.</p> <p><b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.</p> <p><b>RATEE:</b> Your signature is merely an acknowledgement of receipt of this report. It does not constitute concurrence. If you disagree with the content, you may file an evaluation appeal through the Evaluation Reports Appeals Board IAW AFI 36-2406 Chapter 10 (Correcting Officer and Enlisted Evaluation Reports), or through the Air Force Board for Correction of Military Records IAW AFI 36-2603 (Air Force Board for Correction of Military Records) and AFPAM 36-2607 (Applicants' Guide to the Air Force Board for Correction of Military Records (AFBCMR)).</p> |            |                            |

|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------|-----------------------------------------------------|--------------------------------------------|

## IV. RATER OVERALL ASSESSMENT (Limit text to 6 lines)

- Led classified msn planning for new SBIRS sensor--kept \$446M payload on track to 4-star STRATCOM ops accept
- Rewrote SBIRS test plan w/joint team; gained HAF & OSD approval--sliced 19 mos off data delivery to warfighter
- Executed flawless space/ground test; shaved 2 mos from 285-day effort--nailed STRATCOM missile warn/def cert
- Marshaled joint test team w/AFOTEC and DOT&E; revamped dev test plan--closed 4 showstoppers & saved \$27M
- Won SMC Exec Dir approval on Nat'l Lab funding, secured \$300K--ensured health & ops of key on-orbit IR sensor
- #1/4 Action Officers, Test & Eval superstar & solid-gold leadership--send to USAFA as instructor, then IDE in-res

Last performance feedback was accomplished on: 22 Sep 12 (IAW AFI 36-2406) (If not accomplished, state the reason)

|                                                                                                                                                           |                                                               |                                              |

## V. ADDITIONAL RATER OVERALL ASSESSMENT (Limit text to 4 lines)

- Decisive leader! Merged new OSD policy w/program baseline--key member of SMC Team/Year, AFA Unit/Year
- Led \$72M test campaign w/AFOTEC; met all test obj's for new system; system now detects 20% dimmer msl tracks
- Spearheaded clever acoustic test plan for PM; saved \$22M, lowered risk--3-star adopted approach as Center policy
- #1/3 Directorate 62Es in yr grp (SMC/CV); model leader/epitomizes core values--assign to USAFA & in-res IDE

|                                                                                                                                                         |                                                         |                                        |

| not later than 10 calendar days (30 for non-EAD members) from your date below. If you need additional time, you may request an extension from the individual named above. You may submit attachments (limit to 10 pages), but they must directly relate to the reason this report was referred. Pertinent attachments not maintained elsewhere will remain attached to the report for file in your personnel record. Copies of previous reports, etc. submitted as attachments will be removed from your rebuttal package prior to filing since these documents are already filed in your records. Your rebuttal comments/attachments may not contain any reflection on the character, conduct, integrity, or motives of the evaluator unless you can fully substantiate and document them. Contact the MPF career enhancement section, or the AF Contact Center if you require any assistance in preparing your reply to the referral report. It is important for you to be aware that receiving a referral report may affect your eligibility for other personnel related actions (e.g. assignments, promotions, etc.). You may consult your commander and/or MPF or Air Force Contact Center if you desire more information on this subject. If you believe this report is inaccurate, unjust, or unfairly prejudicial to your career, you may apply for a review of the report under AFI 36-2401, Correction of Officer and Enlisted Evaluation Reports, once the report becomes a matter of record as defined in AFI 36-2406, Attachment 1.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |            |                            |

| INSTRUCTIONS                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |            |                            |
| <p><b>ALL:</b> Recommendations must be based on performance and the potential based on that performance. Promotion recommendations are prohibited. Do not comment on completion of or enrollment in Developmental Education, advanced education, previous or anticipated promotion recommendations on AF Form 709, OPR endorsement levels, family activities, marital status, race, sex, ethnic origin, age, or religion. Evaluators enter only the last four numbers of SSN.</p> <p><b>RATER:</b> Focus your evaluation in Section IV on what the officer did, how well he or she did it, and how the officer contributed to mission accomplishment. Write in concise "bullet" format. Your comments in Section IV may include recommendations for assignment. Provide a copy of the report to the ratee prior to the report becoming a matter of record and provide follow-up feedback to let the ratee know how their performance resulted in this final product.</p> <p><b>ADDITIONAL RATER:</b> Carefully review the rater's evaluation to ensure it is accurate, unbiased and uninflated. If you disagree, you may ask the rater to review his or her evaluation. You may not direct a change in the evaluation. If you still disagree with the rater, mark "NON-CONCUR" and explain. You may include recommendations for assignment.</p> <p><b>REVIEWER:</b> Carefully review the rater's and additional rater's ratings and comments. If their evaluations are accurate, unbiased and uninflated, mark "CONCUR" and sign the form. If you disagree with previous evaluators, you may ask them to review their evaluations. You may not direct them to change their appraisals. If you still disagree with the additional rater, mark "NON-CONCUR" and explain in Section VI. Do not use "NON-CONCUR" simply to provide comments on the report.</p> <p><b>RATEE:</b> Your signature is merely an acknowledgement of receipt of this report. It does not constitute concurrence. If you disagree with the content, you may file an evaluation appeal through the Evaluation Reports Appeals Board IAW AFI 36-2401 (Correcting Officer and Enlisted Evaluation Reports), or through the Air Force Board for Correction of Military Records IAW AFI 36-2603 (Air Force Board for Correction of Military Records) and AFPAM 36-2607 (Applicants' Guide to the Air Force Board for Correction of Military Records (AFBCMR)).</p> |            |                            |

## REFEREES

**Lt Col Luke Hagen**

Department Head, USAFA Department of Astronautics, luke.hagen@afacademy.af.edu, 719-333-4110  
Supervisor, 2023

**Col Luke Sauter**

Permanent Professor, USAFA Department of Astronautics, luke.sauter@spaceforce.mil, 719-671-9781  
Supervisor, 2022–2023

**Bill O'Hara**

Chief, DIA Acquisition Intelligence Division, william.o'hara@dodiis.mil, 434-956-2166  
Supervisor, 2020–2022

**Tim Smith**

Senior Intel Officer, DIA Acquisition Intelligence Division, timothy.smith2@dodiis.mil, 434-956-2408  
Analytic Mentor, 2019–2022

**Mark Pankow**

Assoc. Professor, NCSU Mechanical & Aerospace Engineering Dept, mrpankow@ncsu.edu, 510-384-6064  
PhD Advisor, 2016–2019
